

MELVILLE SUMMER RESORT

Melville, Sask., Dec. 19. (Special)
—Prolonged negotiations between the Melville Beach company, a branch of the Melville board of trade, and the chiefs of the Sakimay Indians, were brought to a successful conclusion this week-end, and resulted in the company acquiring a ten-year lease to land on the north side of Crooked lake in the Sheesheep reserve, which will provide Melville people with an excellent future summer resort.
