

# Indian Acoose Must Have Longboat's Scalp Or His Tribe Will Surely "Can" Him

Toronto, March 9.—Fred Meadows, middle distance champion of the world, will referee the races between Percy Sellen and Don McCuaig, the Hamilton runner, and Tom Longboat and Paul Acoose, at Toronto, on Friday night.

Longboat has had another of his eccentric spells, and insists on walking great distances in preparation

for his coming race. He says he will run but little, and that next week. The Onondaga thinks it was long walks that enabled him to beat Shrubbs in that memorable New York match. Acoose sticks to the traditional rules of training, and says he must win or go back to the Saulteaux reservation in Saskatchewan to face the stern disapproval of his tribesmen.
